

All Benefits at a Glance

MADE IN
GERMANY

3-year warranty on all devices and an average operational lifespan of more than 10 years

Industrial Evaporation

The brand-new EASY LOCK flask attachment allows for single-user safe flask exchange

Intuitive touch screen control for ease of operation and up to 250 pre-programmed profiles

No hassle or safety concerns due to low bath fluid levels: the self-filling water bath takes the worry out of running dry

Excellent user safety: condenser and receiving flasks are protected by high-impact transparent PMMA doors

All components in direct or indirect contact with the medium are equipped with FDA compliant materials

A guard hood consisting of a metal frame and safety glass covers the bath completely while providing clear visible monitoring

Illuminated bath and evaporation flask allows for superior visual control

Increased throughput at reduced energy consumption due to an industry leading vacuum leakproof

Unique self-aligning flask support system allows for immediate "one-person operation"

Non-visible heating coils guarantee the most convenient and fastest cleaning of the bath

Unit powers off completely in case of a bath overtemperature situation, overpressure and glassware breakage
